

Docket No.: NOKIA.41US

REMARKS

A Request for Continued Examination was filed on August 8, 2005. Applicants respectfully submit this Preliminary Amendment for entry and consideration in the continued examination. Applicants note that a Response was also filed on August 8, 2005 which contains arguments traversing the outstanding prior art rejections based on the Schroeder patent. Those arguments remain fully applicable, and amended claims 3, 11, and 13-15 remain allowable over the Schroeder patent for at least the reasons stated in the Response. Applicants have nevertheless changed the scope of the claims, and added new claims, in furtherance of the business interests of the assignee of this application and not because of the outstanding prior art rejections.

Applicants do not believe any fees are due with this amendment. However, the Commissioner is hereby authorized to charge any additional fees, which may be required with this communication, or credit any overpayment to Deposit Account No. 10-0100 (NOKIA.41US).

Respectfully Submitted,
